

# Growing *for* life

and Strengthening Our Community

## Supporting The Work of JCFS

Donors to the Jewish Foundation of Manitoba regularly choose to support the important work of Jewish Child and Family Service. Assisting seniors... encouraging immigrants...caring for orphans...counselling youth... promoting mental health...these activities, and many more, are the role of JCFS. In 2008, JCFS received \$151,374 from the Foundation, evidence that our donors understand the vital part JCFS plays in helping those facing life's toughest challenges.
