

Growing *for* life

and Strengthening Our Community

Supporting Our Key Resource

The Asper Jewish Community Campus is the hub of Jewish community life in Winnipeg.

The Jewish Foundation of Manitoba was there at the outset with a \$1.5 million gift to launch an endowment to fund operations in the future. To date, 54 donors have added their own permanent endowments for the Campus. In 2008, the Foundation distributed \$193,436 to the Campus, bringing the total over time to more than \$4 million! Donors who appreciate the Campus and the activities that take place there, may want to consider an endowment to help ensure its long-term viability.
