

# Growing *for* life

and Strengthening Our Community

## Supporting Research and Awareness

The Parkinson Society of Canada (Manitoba Region) was delighted to learn that two Jewish Foundation of Manitoba donors had named the Society as the permanent recipient of the income from their estates. Together with allocations from other donors, the Society received a cheque for \$8,187. Through a permanently designated fund at the Jewish Foundation of Manitoba, donors can support organizations that are important to them in perpetuity - a lasting legacy.
