## Auditors' Report

To the Board of Directors of  
The Jewish Foundation of Manitoba

We have audited the statement of financial position of The Jewish Foundation of Manitoba as at December 31, 2007 and the statements of revenues, expenses and grant commitments, changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Foundation as at December 31, 2007 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

# 2007 Financial Statements

## Notes to Financial Statements

December 31, 2007

### 1. Organization

The Jewish Foundation of Manitoba (the "Foundation") was established in 1964 by way of a private bill by the Legislature of the Province of Manitoba. The mission statement of the Foundation is as follows:

"The Jewish Foundation of Manitoba, in keeping with our Jewish heritage and values, encourages and facilitates the creation and growth of endowment funds to enable the community to realize its potential. The Foundation maintains effective stewardship over all assets entrusted to it; distributes grants that reflect donors' wishes and community priorities; and provides leadership in the Jewish and general communities."

The Foundation is a registered charity and is classified as a public foundation for purposes of the Income Tax Act (Canada).

### 2. Significant Accounting Policies

#### Fund Accounting

The Foundation follows the deferral fund method of accounting for contributions, as described in the revenue recognition policy note.

#### Operating Fund

The Operating Fund accounts for the Foundation's administrative and operating expenses, distributions of grants and revenues and expenses related to the Foundation's income earned and expended on the investments held in the Endowment Fund balances.

#### Internally Restricted Funds

- The Capital Assets Fund reports the assets, liabilities, revenues and expenses related to the Foundation's capital assets.
- The Reserve Fund accounts for cash and investments available to meet distribution needs during periods of adverse market conditions.

#### Endowment Funds

Endowment Funds are externally restricted funds which are established by gifts and donations from donors and are designated to remain under the Foundation's management in perpetuity. The investment income earned by these funds is either restricted by the donor for a specific use, or for the general use of the Foundation. Investment income earned on the resources of Endowment Funds is reported in the Operating Fund.

#### Flow-Through Funds

Flow-Through Funds are donor-directed monies that "flow through" the Foundation to third party charitable organizations. In accordance with the Foundation's policy, a portion of the gift may be directed to third party organizations and the balance is contributed as permanent capital and establishes an endowment fund in the donor's name.

#### Reserve Fund

The Foundation's objective is to maintain the Reserve Fund at a level of 10% of total Endowment Funds as calculated at the beginning of each year. As at December 31, 2007, the Reserve Fund has a shortfall of approximately \$399,000 (2006 - \$791,000).

#### Interfund Allocations

Any surplus in the Operating Fund, after payment of expenses, grant commitments and allocation to maintain the Reserve Fund, may be capitalized into the Endowment Funds. The amount to be capitalized is determined each year by combining the remaining surplus with any net unrealized losses at year end. One third of this amount from each year is transferred from the Reserve Fund at the end of the year, with the remaining two-thirds transferred over the subsequent two years. Until it is transferred to the Endowment Funds, the balance is transferred to and held in the Reserve Fund. During 2007 and 2006, there was no capitalization of such surplus to the Endowment Funds.

#### Revenue Recognition

External endowment contributions which primarily include donations of cash or marketable securities and bequests are added directly to the net assets of the appropriate funds within the Endowment Funds when the funds are received.

Investment income on Endowment Funds balances including interest, dividends, and realized capital gains, is recognized as revenue in the Operating Fund when earned.

Grant income is recognized as revenue when received.

Contributions to Flow-Through Funds are recognized as revenue when received.

#### Donated Artwork

Donated artwork is recorded at the appraised fair market value at the time the donation is made.

#### Investments

The Foundation's investments are classified as available for sale financial assets and are comprised of publicly traded securities and are recorded at market value based on bid prices at year end. Purchases and sales of investments are recognized and derecognized using settlement date accounting. Transaction costs that are directly attributable to the acquisition of investments are added to the cost of the investments. Changes in fair value are included in accumulated change of fair value in investments and recognized in excess of revenues over expenses when gains/losses are realized through disposition. See note 3 for the change in accounting policy adopted effective January 1, 2006. Prior to the application of the new accounting policy, the investments were recorded at cost.

#### Capital Assets

Purchased capital assets are recorded at cost. Contributed capital assets are recorded at fair market value at the date of contribution. Depreciation and amortization are provided for using the following methods and annual rates:

Computer and office equipment	Straight-line over 3 years
Donor development software	Straight-line over 10 years
Leaseholds	Straight-line over 3 years

#### Life Insurance Policies

The cash surrender value of life insurance policies where the Foundation is the beneficial owner of the policy, is recorded as assets and contributions to the Endowment Funds. Proceeds from the realization of life insurance policies are allocated to the Endowment Funds.

#### Grant Commitments

Grant commitments are recorded in the year of approval.

#### Use of Estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

#### Financial Instruments

The Foundation has the following financial instruments: investment income receivable, accounts receivable, investments, life insurance policies, accounts payable and accrued liabilities, grant commitments and distributions payable. The carrying values of cash, investment income receivable, accounts receivable, accounts payable and accrued liabilities, grant commitments and distributions payable at December 31, 2007 and 2006 approximate their fair values due to the short-term nature of these financial assets and liabilities. The carrying value of life insurance policies approximates its fair value at December 31, 2007 and 2006 and is reflected on the statement of financial position at their cash surrender values. Investments are carried at fair values as at December 31, 2007.

## 2007 Financial Statements

### 3. Change In Accounting Policy

Effective January 1, 2006, the Foundation adopted the Canadian Institute of Chartered Accountants Handbook Section 3855 Financial Instruments - Recognition and Measurement and Section 3861 Financial Instruments - Disclosure and Presentation and, as a result, now measures and presents its investments at market value. The new accounting policy was applied as at January 1, 2006 and the 2005 comparative financial statements were not restated. The effect of the change in accounting policy was an increase in investments and accumulated changes in fair value of investments of \$3,189,032 as at January 1, 2006 and an increase in investments and accumulated changes in fair value of investments of \$6,718,506 as at December 31, 2006.

### 4. Other Assets

Significant terms and conditions, exposure to interest rate, market, credit and foreign currency risks on investments are as follows:

#### Interest rate risk

Interest rate risk refers to the adverse consequences of interest rate changes in the Foundation's cash flows, financial position and revenue. This risk arises from differences in the timing and amount of cash flows related to the Foundation's assets. The value of the Foundation's assets is affected by short-term changes in prevailing market interest rates and equity markets. As at December 31, 2007, the Foundation's investments in bonds and debentures mature from 2008 to 2105, with interest rates ranging from 3.60% to 8.00%.

#### Credit risk

Credit risk exists where a significant portion of the portfolio is invested in securities which have similar characteristics or obey similar variations relating to economic or political conditions. The portfolio includes the following concentrations:

	100.00	\$ 60,544,269	100.00	\$ 61,250,762

#### Foreign currency risk

Foreign currency risk arises from the Foundation's holdings of foreign securities. The amount of foreign securities held at December 31, 2007 is set out above. The Foundation does not engage in hedging transactions to reduce its exposure to foreign currency fluctuations.

### 9. Commitments

- The Foundation has made a commitment to provide an additional \$500,000 to the Asper Jewish Community Campus of Winnipeg Endowment Fund in future years. The commitment will be fulfilled by allocations of future grant commitments. As at December 31, 2007, \$150,000 of this commitment has been paid.
- The Foundation has an agreement to license office space, which expires August 31, 2009. The remaining license fee required under this lease is a minimum of \$32,900 (before GST) or \$1,645 monthly. The license fee shall be increased annually at the end of each license year during the term of the agreement by the same percentage by which the total of the budgeted operating costs (as prepared annually by the Jewish Community Campus of Winnipeg) have increased over the total of the budgeted operating costs in the immediately preceding year.

Effective March 1, 2008 the Foundation acquired an additional 800 square feet of adjacent office space. The remaining license fee required under this lease for this additional space is a minimum \$17,900 (before GST) or \$996 monthly.

### 10. The Jewish Foundation of Manitoba USA, Inc.

During 2004, the Foundation established a charitable organization in the United States to facilitate tax deductible contributions to residents of the United States. On January 20, 2004, the Jewish Foundation of Manitoba USA, Inc. (the "Organization") was incorporated in the State of Illinois. The Organization is exempt from Federal income tax under section 501 (c) (3) of the Internal Revenue Code. The Foundation maintains the exclusive right to appoint the Organization's Board of Directors.

The Organization is deemed a "Supporting Organization" for the sole purpose of supporting the charitable purpose of the Foundation under section 509 (a) (3) of the Internal Revenue Code. A Supporting Organization operates as a "public charity" under the IRS Code. Contributions to a public charity are deductible up to 50% (30% non cash) of a taxpayer's Adjusted Gross Income ("AGI").

It is the policy of the Organization to distribute all contributions received during the year to the Foundation in the form of a grant. During 2007, the Organization received contributions in the amount of \$260,634 (2006 - \$1,214,900), which was distributed to the Foundation as a grant. Of this amount, \$33,856 (2006 - \$274,670) was allocated to the Endowment Funds and \$226,777 (2006 - \$940,230) was distributed or shall be distributed to other organizations as a flow through commitment. Therefore, at December 31, 2007 and 2006 the assets, liabilities and net assets of the Organization are nil.

### 11. Residuary Interests

The Foundation has a residuary interest in various estates or trusts which continue to be administered by executors and trustees and for which no values have been recorded in these financial statements.

### 12. Prior year's figures

The prior year's figures were reported on by another accounting firm.
