

# Growing *for* life

and Strengthening Our Community

## Supporting Those Who Support Others

Manitoba has the highest rate of kidney disease in the country. In 2009, Jewish Foundation of Manitoba donors allocated \$2,679 to fund kidney health and research projects through the Kidney Foundation of Canada (Manitoba Region). Donors may choose to establish a designated fund at the Jewish Foundation of Manitoba to help support organizations that work at the front lines of patient advocacy and ongoing education.

*Maylene Ludwig (L), JFM Volunteer with Val Dunphy, Executive Director of the Kidney Foundation of Canada (Manitoba Region)*
