

Growing *for* life

and Strengthening Our Community

Supporting Our Research Hospitals

In 2009, Jewish Foundation of Manitoba donors allocated \$8,745 to support the work of the St. Boniface Hospital Foundation. Its mission is to raise funds for patient care and health research to provide hope for tomorrow. A permanently designated fund at the Jewish Foundation of Manitoba, can perpetually support institutions that have impacted donors and/or their loved ones.

Larry Vickar (R), JFM Executive Member with Rémi Bisson, Member of the Board of Directors of the St. Boniface Hospital Foundation
